Subject: - AES/EEI Filing

With the US Census Bureau (Census) requiring the mandatory filing of electronic export information (EEI) through the Automated Export System (AES) program, H&R CONSTRUCTION would like to take the opportunity to request your full cooperation that will allow H&R CONSTRUCTION to file the EEI in an accurate and timely manner as required by Census.

As the U.S. Principal Party of Interest, (USPPI), H&R CONSTRUCTION has nominated Mohawk Global Logistics to act as the Authorized Agent to file the EEI on our behalf for all exports transactions that H&R CONSTRUCTION tenders to “_____”. Mohawk will require your Date of Export, Mode of Transport (MOT), Carrier ID, Conveyance Name/Carrier Name, pieces, weight, ECCN, License or ITAR exemption, Schedule B number, Port of Export, and Booking Number for Ocean or, Master Airway Bill Number at least **24** hours for air and **48** hours for ocean prior to shipment departure.

H&R CONSTRUCTION will notify “_____” the day _____ orders are received with pieces, weight, dimensions and scheduled load date. Once “_____” has completed all necessary export arrangements “_____” MUST email Mohawk Global Logistics at rocexport@mohawkglobal.com or contact Mike Frail at 585-426-0340 with the required EEI data elements to complete the EEI filing. Once the filing is complete, Mohawk Global Logistics will return the Internal Transaction Number (ITN) as soon as it becomes available.

Failure to comply with this request may result in late deliveries to our customer(s) and also discrepant reporting to Census which may result in both parties receiving fine(s) or penalty.

By accepting H&R CONSTRUCTION's export shipments, we will hold you as the freight forwarder fully responsible to provide Mohawk Global Logistics with all EEI data elements for the timely and accurate filing.

Please feel free to contact me directly at 716-891-4311 or email at npalmeri@hrparts.com if you have any questions or concerns.

Regards,

Nina Palmeri
