

# Slewing Rings

## Slewing Rings Solutions from H&R

### WHY H&R?

#### Four Locations to Serve You

With locations across the United States, we can minimize downtime with same day shipping and reduced transit time.

#### Massive Inventory

With hundreds of bearings ready to ship, we're the largest supplier in North America and a trusted source in the industry. Providing off the shelf OEM replacements, custom application bearings, and reverse engineering services, we have a solution for every need.

#### Parts Specialists

Over 15 highly-trained Parts Specialists to help work with you in supplying the parts you need to get you back up and running fast.

### H&R DIFFERENCE

- Produced for H&R by one of the world's leading manufactures to meet or exceed OEM specifications
- Advanced production technology utilizing CNC lathes, grinding, machining, cutting, and quenching processes
- Specifically designed for heavy duty application requiring high capacity for axial, radial forces, and tilting loads
- ISO9001:2000 total quality management, ensuring consistent quality and accountability
- Solutions for all major manufactures supporting 3.5 to 150 ton excavators in every application
- Backed by a 1 year warranty
